Description

For the past ten years Colour of Poverty - Colour of Change has been engaged in a broad range of racial justice change-making education and advocacy efforts and activities around the province to bring about fair and equitable opportunities and life outcomes for First Peoples and peoples of colour.

With the upcoming Provincial, Municipal and Federal elections, it is time to assess what we've achieved, what challenges remain, and how to re-focus ourselves for the next five years. We look forward to having your voice in the circle!
